

ONLINE SONG GATHERINGS

*Part workshop, part discussion group,
part coaching, part idea exchange*

A series of online workshops, for anyone who'd like input on song repertoire - professional, student, or serious amateur. A non-judgemental, safe space, to share ideas and discover new repertoire from other people.

We meet on Zoom. Participants pre-record a song performance (no complex tech necessary, it just works better than singing live in the session). Work in progress is very welcome! We play this video to the group, then discuss the song and some performance ideas. If you don't have a pianist to hand, I can pre-record a piano track for you to sing with.

This is not a whole coaching, though you're welcome to book one of those separately!
But it's a bit of feedback, dialogue, perspective, and community.

Participation is free, but if you'd like to buy me a coffee that would be much appreciated!
